

Rayarao, Surya Rao

Lead Software Engineer

Manager: Anthony Spight (38589)

Evaluated by: Stefani Wilde (29024)

2015 DST Performance Review

Organization : Supervisory Organization (Anthony Spight (38589))

Location: BW06 - Broadway Square Bldg. 6th Floor

01/01/2015 - 12/31/2015

Overall Performance

Manager Overall Evaluation

Calculated Rating: 4.76

Rating: 5-Distinguished Performance

Comment: Surya is a great asset to DST. He has strong leadership skills and strong technical skills. He is able to easily work with anyone to ensure that requirements from clients or internal stakeholders are met to the fullest extent possible. When I look back at what our team has been able to achieve in 2015, I know much of the credit goes to Surya.

Employee Overall Evaluation

Calculated Rating: 5

Rating: 5-Distinguished Performance

Comment:

1. I could able to deliver the best possible from my side for all the work in 2015 of RICC.
2. Though it was quite challenging phase initially to get transition from Jeff City office, able to manage all aspects of technical challenges including support activities.
3. Adopting to Agile methodology worked very well with the great coordination from the team.

Overall it is a great learning experience, working with a wonderful team, lots of mixed challenges

Individual Performance Goals

Training

- Throughout 2015, Improve overall RICC functional and technical knowledge to build the RICC competency
- Throughout 2015, ensure to be properly trained on technology, standards, processes and product to effectively perform the tasks that are assigned and to allow to continually challenge grow professionally
- Increase technical skills & competency to enable and encourage self-sufficiency and self-contained team
- Help create and utilize a new hire on-boarding program

Due Date: 12/31/2015 **Status:** 5 - Complete **Completion Date:**

Supports: 2015 Wilde - Training

Weight: 10

Manager Evaluation

Rating: 5-Far exceeded the goal(s) and expectation(s)

Comment: Surya had responsibility to mentor two brand

Employee Evaluation

Rating: 5-Far exceeded the goal(s) and expectation(s)

Comment: Completed all the trainings on time,.

new technical associates to our team. He helped these new associates become productive in our projects more quickly than anticipated. He came up with a strategy for the types of assignments they could handle and be successful while still being challenged. As we have added another new team member with experience as well, Surya continues to guide and mentor his technical teammates but also ensures that they speak up with their ideas and input on technical design. Surya's leadership in this regard helps to ensure that his teammates will be productive as well as have great days at work. Surya completed his technical training as assigned and did additional self-learning on aspects of RICC as well as BSL.

Defects and Automation

- Reduce the number of defects turned over to regression and user acceptance testing for all projects.
- 80% automation of Java unit testing
- 50% automation of Mainframe unit testing
- In 2015, projects should have 10% fewer defects when they go to MFD than they did in 2014 as seen in context of the project size
- Perform Root Cause Analysis on all defects and perform retrospectives to facilitate continual improvement

Due Date: 12/31/2015 **Status:** 5 - Complete **Completion Date:** 12/09/2015

Supports: 2015 Wilde - Defects and Automation

Weight: 10

Manager Evaluation

Rating: 4-Exceeded the goal(s) and expectation(s)

Comment: After attending the paired programming training, Surya recommended the implementation of JUnits for our code. We changed our definition of done to include Junits and ensure that this is completed for all code.
March release - zero defects on Alpha, zero defects on Beta.

Employee Evaluation

Rating: 5-Far exceeded the goal(s) and expectation(s)

Comment: All the RICC projects of 2015 were delivered with highest quality with minimal issues. Initiation was taken to write JUnits as a required deliverable for all construction work, that really made a huge impact to the overall quality of the product.

Return of Premium - zero defects on Alpha, 3 defects on Beta.
 November release - 2 defects on Alpha, zero defects on Beta.
 December release - 2 defects on Alpha, Zero defects on Beta.
 Surya led discussions on tickets for root cause and facilitated ways that we could ensure that a defect would not occur again in the future.

Transition of RICC Production support responsibilities

- During 2015, work to transition client support and break fix support responsibilities to the appropriate support teams, enabling the RICC team to focus on development project delivery.

Due Date: 12/31/2015 **Status:** 5 - Complete **Completion Date:** 12/10/2015

Category:

Supports: 2015 Wilde - Transition of RICC Production support responsibilities

Weight: 10

Manager Evaluation

Rating: 4-Exceeded the goal(s) and expectation(s)

Comment: Surya completed training for Mark by walking him through all of the various manual processes and continuing to provide support as needed.

Employee Evaluation

Rating: 5-Far exceeded the goal(s) and expectation(s)

Comment: Transitioned most of the RICC Production support responsibilities to Support group and Mark Stiles is now handling most of the ricc prod tickets.
 Transition was smooth and I was taking up some tickets only when Mark Stiles is not available and only if it needs Dev team's attention.

Competitive Advantage Through Product Design

Design effective products that respond to customer and marketplace priorities that will increase the competitive advantage of DST Retirement Solutions

- Rely on technology breakthroughs through R&D efforts and seek to meet our clients 'unarticulated' demands
- Provide development the ability to have more influence over product definition and direction
- Focus on incremental changes to products
- Identify unmet customer needs through direct feedback and strive to be the first to market with breakthrough products
- Ensure successful client implementation of new functionality

Due Date: 12/31/2015 **Status:** 5 - Complete **Completion Date:**

Supports: 2015 Wilde - Competitive Advantage Through Product Design

Weight: 20

Manager Evaluation

Rating: 5-Far exceeded the goal(s) and expectation(s)

Comment: Surya's role in the design of our enhancements during 2015 was critical. With the departure of other key technical team members, and no solution architect familiar with RICC, Surya essentially was the only individual familiar enough with the product's technical design to oversee and come up with overall enhancement designs. Surya's design and technical leadership were instrumental to the fact that we had zero defects on Beta for all enhancements produced in 2015., except Lincoln RoP which had 3 defects which were quickly resolved. We provided the enhancements most desired by Prudential and Lincoln including projects which they were willing to pay for.

Employee Evaluation

Rating: 5-Far exceeded the goal(s) and expectation(s)

Comment:

In 2015 I got the opportunity to contribute into multiple RICC enhancement projects including Lincoln's ROP, Pru enhancements, As of processing and recently BS Market Services project. I have given my best to understand & meet the client's expectations. My experience in RICC in last few years really helped me in deciding the technical design and direction of implementation in all these projects aspecially as of processing. Once we moved into Agile, we focused on the buidling the most critical & important things first in iterative model. All the RICC projects of 2015 that we did were delivered with highest quality made our clients feel happy. Also received outstanding feedback from client Lincoln once we have completed ROP implementation as we had zero issues in overall beta testing phase.

RICC Production Support

Throughout 2015, ensure production support requests are addressed in a timely manner to serve clients appropriately.

Due Date: 12/31/2015 **Status:** 5 - Complete **Completion Date:** 12/31/2015

Category:

Supports: 2015 Wilde - RICC Production Support

Weight: 25

Manager Evaluation

Rating: 5-Far exceeded the goal(s) and expectation(s)

Comment: Surya readily owned production support activities. As we moved into 2015, we lost our production support expert. Surya had to learn several new processes and take ownership of completing production support requests without any issues. He took complete ownership of learning and fully understanding these processes. He helped us determine how to better document the changes we were making as well. Surya responded to reports of defects immediately and with care, and did this while continuing to give full attention to his development projects.

Employee Evaluation

Rating: 5-Far exceeded the goal(s) and expectation(s)

Comment: All the RICC Production support activities were completed with highest quality and without any impact regular project timelines. Gained excellent hands on experience in handling all major support activities during 2015 and it was really a great learning experience.

Project Execution, Efficiency, and Quality

- Throughout 2015, deliver all projects within established SDLC (waterfall or agile) & RACI with no issues found during internal or external audits.
Throughout 2015, increase development quality and efficiency; deliver all projects on time, on budget, with quality as measured by appropriate SDLC.

Weight: 25

Manager Evaluation

Rating: 5-Far exceeded the goal(s) and expectation(s)

Comment: For this goal I want to again recognize the excellent results from a defect perspective. Additionally all projects were completed on time and within budget. Surya's leadership of the team is key to these successes. Surya provides guidance to technical, QA, and business teammates in terms of helping them do their work to the best level, which ultimately ensures our best effort overall for the project. Surya quickly transitioned to the

Employee Evaluation

Rating: 5-Far exceeded the goal(s) and expectation(s)

Comment:

1. All the projects were delivered on time.
2. All the projects were delivered with highest quality and minimal issues including ROP project with zero defects.
3. Significant efficiency was achieved after we moved to Agile methodology as we got the greater clarity on what is important and able to see the working code delivered in small iterations.

agile methodology and has contributed many ideas to how we can better use agile. He also readily takes on any task in the sprint to help us meet our sprint goals.

Section Summary

Comment:

DST Values-Based Competencies

Accountability

Accepts responsibility; takes pride in personal contribution toward the company's goals and successes; delivers on commitments.

Manager Evaluation

Rating: 5-Leading

Comment: Surya takes full accountability and responsibility for the overall efforts of the team from both a technical and support perspective. This has been true both on RICC as well as our Brokerage project. Surya ensures that all team members in all roles have what they need to succeed. One outstanding example of Surya's ability to deliver on commitments was when Price Waterhouse was conducting an audit of RICC. As part of the audit, they needed many details on RICC processing, files, etc. Surya

Employee Evaluation

Rating: 5-Leading

Comment: Taken 100% ownership of all the technical deliverables of RICC during 2015 after the jeff city office transition. Though it was quite challenging, was really able to deliver all our projects with highest quality on time.

consistently responded to their questions, met with them numerous times, again all while keeping up with his project and support responsibilities. More than one of the auditors contacted me to compliment Surya on how thorough and responsive he was.

Customer Focus

Collaborates and behaves in ways that delivers an exceptional customer experience with high quality products and services; focuses energy on discovering, understanding, and meeting the needs of the customer; develops and sustains productive relationships that are built on trust and fosters customer loyalty.

Manager Evaluation

Rating: 5-Leading

Comment: Clients were very happy with our project deliverables in 2015. We even received cookies from Lincoln! Again, Surya's leadership and knowledge were instrumental to this. Surya often responds to client questions that are received by email. From an internal customer perspective, I would again cite Surya's work with audit as well as his responsiveness and assistance to other groups (such as desktop support or client services) when they need assistance with RICC.
(work with audit, responding to clients etc)

Employee Evaluation

Rating: 5-Leading

Comment: We received exceptional customer satisfaction and feedback for the projects that got delivered in 2015. Lincoln sent a special note with appreciations to the on successful execution of ROP project.

Developing Self

Committed to learning by identifying personal strengths and development needs; proactively seeks opportunities to reach personal potential and continually enhance contribution.

Manager Evaluation

Rating: 5-Leading

Comment: Surya continually learns and improves on his technical skills and design capabilities. Additionally, Surya continues to develop his natural leadership capabilities. He led and mentored his technical teammates including 2 new associates. He has continued to come up with ways with our Hyderabad teammate to learn new things. Prior to our transition to having most of our team onshore Surya also provided guidance and suggested learning opportunities for 2 additional teammates in Hyderabad. Surya also comes up with ways to encourage and provide learning opportunities for our QAs in relation to how they can better test or use a testing tool.

Employee Evaluation

Rating: 5-Leading

Comment: I learned many things in RICC in 2015. In 2014 my focus was more on the development and construction activities, in 2015 it was full of everything. I was able to understand and act timely and each request that is related to RICC. It was a great learning experience.

Continuous Improvement

Develops solutions to deliver great results; tries new and different ways to address work problems; identifies opportunities to optimize resources, reduce expenses, and/or increase revenues.

Manager Evaluation

Rating: 4-Mastering

Comment: Surya comes up with suggestions and new ideas for how we can better utilize our agile methodology. He comes up with solutions for our technical needs from both a development and support perspective. Surya promotes efficiency in our development efforts in his guidance of his teammates to the best solutions. Surya also comes up with ways to encourage and provide learning opportunities for our QAs in relation to how they can better test or use a testing tool.

Employee Evaluation

Rating: 5-Leading

Comment: Focusing on continuous improvement. Improved greatly on speed of execution, understanding the issues, able to respond to issues quickly. After moving into Agile focus and clarity improved greatly which made the team to produce great quality requirements with increased speed.

Inspire Trust

Demonstrates behaviors of honesty, courage, integrity, and respect; behaves in ways that build a “Speak Up” culture where individuals are encouraged to safely raise, discuss, and address ethical concerns. Behaves in ways that are in accordance with the spirit of the Code of Business Conduct.

Manager Evaluation

Rating: 4-Mastering

Comment: We have great trust within our team and Surya is an example to others in his openness to any issue or concern that might be raised within the team. Additionally I think Surya's efforts to support the audit of the product and provide complete and thorough answers to all questions is a great example of how he inspires trust in others. Associates outside of the immediate team come to Surya for assistance and Surya should be very proud that he has developed a reputation to be a resource for others.

Employee Evaluation

Rating: 5-Leading

Comment: RICC is a great team to work with. We speak up all the time whenever we see pain at any point. I personally believe there is a greater trust, honesty and integrity now in the Team and I strongly believe I'm giving my best to continue the same spirit within the team.

Teamwork

Works cooperatively with others, inside and outside the organization, to accomplish objectives and achieve goals.

Manager Evaluation

Rating: 5-Leading

Comment: Surya is a key reason why we have such strong cooperation within our team. He is a leader whom others trust and follow. As mentioned in the trust section, he is also willing and able to help his teammates in the larger organization. We are very proud of our overall team dynamic and much credit goes to Surya for integrating in new team members and helping everyone feel comfortable with each other.

Employee Evaluation

Rating: 5-Leading

Comment: As a team we are the best. I strongly believe the teamwork and I believe we living by example. There is a greater coordination between team members and we are collectively aiming towards end delivery.

Manager Evaluation

Calculated Rating: 4.67

Rating: 5-Leading

Comment: Surya is a role model for others. His daily approach to work and his immediate action to any issues that arise demonstrate that DST and the clients' best interests drive his decisions. He is both a leader and a great teammate.

Employee Evaluation

Calculated Rating: 5

Rating: 5-Leading

Comment: Overall 2015 is a great year for me personally and professionally. I enjoyed working with the team and DST.
