Dear Surya Rayarao,

On behalf of the admissions committee, it is our pleasure to recommend you for admission to The University of Texas at Austin Master of Science in Data Science online degree program for the Fall 2024 semester. In short order, you will be able to view the official notice of your UT Austin Graduate School admission through the university's [MyStatus](#) portal, which you can also use to accept your offer.

We would be pleased to have you join the Texas MS in Data Science community in Fall 2024. Please read the entirety of this letter and notify us if you accept this offer through your MyStatus portal no later than **July 8, 2024**. If we have not heard back regarding your intent to accept or decline by the expiration date above, your offer will expire and be rescinded. Should you accept your offer, next steps for enrollment will be sent to you from this email address.

As you are making your decision, we encourage you to contact us at MSDSGradCoordinator@utexas.edu with your UTEID and any questions you might have. Towards the bottom of this document, you can find helpful links with more information on our program, financing your education, our decision deadline, and a note from the Co-Directors regarding our pre-requisite requirements.

We sincerely hope that you will decide to join us and pursue your degree through The University of Texas at Austin.
Respectfully,

Greg Durrett, Ph.D.
Antonio Linero, Ph.D.
Co-Directors, MS in Data Science
[The University of Texas at Austin](#)

Program Details:

Our online Master's degree is an instructor-paced, asynchronous program. More information on our program can be found on our [website](#).

Tuition & Fees:

Tuition is currently set at a rate of \$1,000 per course. Some additional fees may apply. For details on fees, please visit our [website](#).

Financial Information:

US graduate students pursuing an online Master's degree may apply for federal, state, and institutional financial aid programs administered through the Office of Financial Aid by completing a Free Application for Federal Student Aid (FAFSA). Additional information on Financial Aid options can be found here: <https://finaid.utexas.edu/>

Decision Deadline and Acceptance:

You may accept or decline this offer through your [MyStatus](#) portal. If a decision is not rendered through your MyStatus portal by July 8, 2024, your offer will be rescinded regardless of your intent to accept or decline. Should you accept your offer, we will reach out to you within 3 business days (not including [university closures/holidays](#)) with instructions on how to complete the next steps in your enrollment.

If you have trouble accessing your MyStatus portal to render a decision, this [link](#) will help with the multi-factor authentication.

Note from the Co-Directors:

Congratulations on your recommended admission to the Master of Science in Data Science program at The University of Texas at Austin. The MSDS program is fast-paced and rigorous, and will call upon your skills in Python and R, multivariable calculus, linear algebra and statistical analysis. In preparation for your first semester as an MSDS student, we encourage you to refresh your basic skills in these areas so that you are ready to succeed from day one.
