

Dear Mr. Rayarao,

On behalf of the Society of Software Engineers (SOSE) at California State University, Northridge, we are delighted to formally invite you to serve as a Judge and Mentor for our upcoming SOSE Hackathon 2025. We're thrilled to have your support and experience from leading and judging internal hackathons at large organizations, including SS&C Technologies.

Event Details

- **Dates:** October 15-22nd, with winners announced on the 24th
- **Format:** Online (Devpost for submissions) with an in person banquet to declare winners
- **Devpost:** <https://sose-nextgen-hacks.devpost.com/>
- **Audience:** CSUN students and invited guests; beginner friendly, impact focused tracks

Role & Expectations

- **Judging:** Evaluate finalist submissions on innovation, impact, technical execution, usability, and presentation.
- **Mentorship:** Optional office hours during hacking to provide technical and career guidance.
- **Ceremony:** Join the winner announcement (brief remarks welcome and can be done virtually)

Recognition & Documentation

We will list you on Devpost as a Judge/Mentor and share a digital certificate of appreciation. This letter serves as the formal invitation for your records.

Please let us know if you have any logistical needs. We're grateful for your willingness to offer a referral opportunity to the winning team and to support our students with mentorship and guidance.

Thank you for supporting the first SOSE Hackathon. We're excited to collaborate!

Sincerely,

Anita Jalili-Kalhari

Founder, Society of Software Engineers (SOSE)
